TOP 10 SPACESHIPS

10 *Slitheen craft*

This small spaceship smashed into Big Ben and then divebombed into the Thames. It was flown by a poor pig sent by the sneaky Slitheen.

8 *Rhino rockets*

A platoon of Judoon landed on the moon in these powerful police rockets, looking for the blood-sucking Plasmavore.

9 *Sycorax rock!*

The Sycorax vessel was shaped like a vast, craggy asteroid. When it entered our atmosphere it created a sonic wave that smashed all the windows in London!

7 *The Webstar*

The Empress of the Racnoss had a suitably spidery spaceship, shaped like a star. It could fire energy beams from its points.

6 *The Titanic*

This luxury liner, owned by creepy cyborg Max Capricorn, almost crashed into Earth after being hit by asteroids.

5 *Adipose ship*

The Adiposian First Family scooped up their little fat monsters in this giant flying saucer and then dropped Matron Cofelia like a hot potato. Kerr-splat!

4 *The Tritovore ship*

It may look like a huge squashed fly but it was once a streamlined deep-spacer. It crashed on San Helios when Stingrays hit the engines.

3 *The Sontaran Command ship*

The spuddy Sontarans could have blasted Earth out of the sky with this mighty mothership but instead they tried to turn it into a clone world.

2 *The Crucible*

This black sphere of doom was the flagship of Davros's new Dalek Empire. It has a heart of Z-Neutrino Energy and together with the 27 stolen planets it became the deadly Reality Bomb.

1 *The TARDIS*

The ultimate spaceship! The Doctor's little blue box beats all the others hands down because it can travel in time as well as space!

DOCTOR • WHO

3D

Turn over
for 3-D
monsters!

DAVROS

Warning! Mutated scientist who created the Daleks. The Daleks think they are better than Davros – and once tried to exterminate him.

CYBERMEN

They're deadly! Although the Doctor has met them many times, these versions of upgraded humans were created on a parallel Earth.

TRITOVORES

Be careful you don't think all aliens are out to get you! The Tritovores are peaceful traders who look like massive flies.

WEEPING ANGELS

Don't blink! These silent stone creatures can only move if they are not seen. A tap on the shoulder will blast you into the past.

SCARECROWS

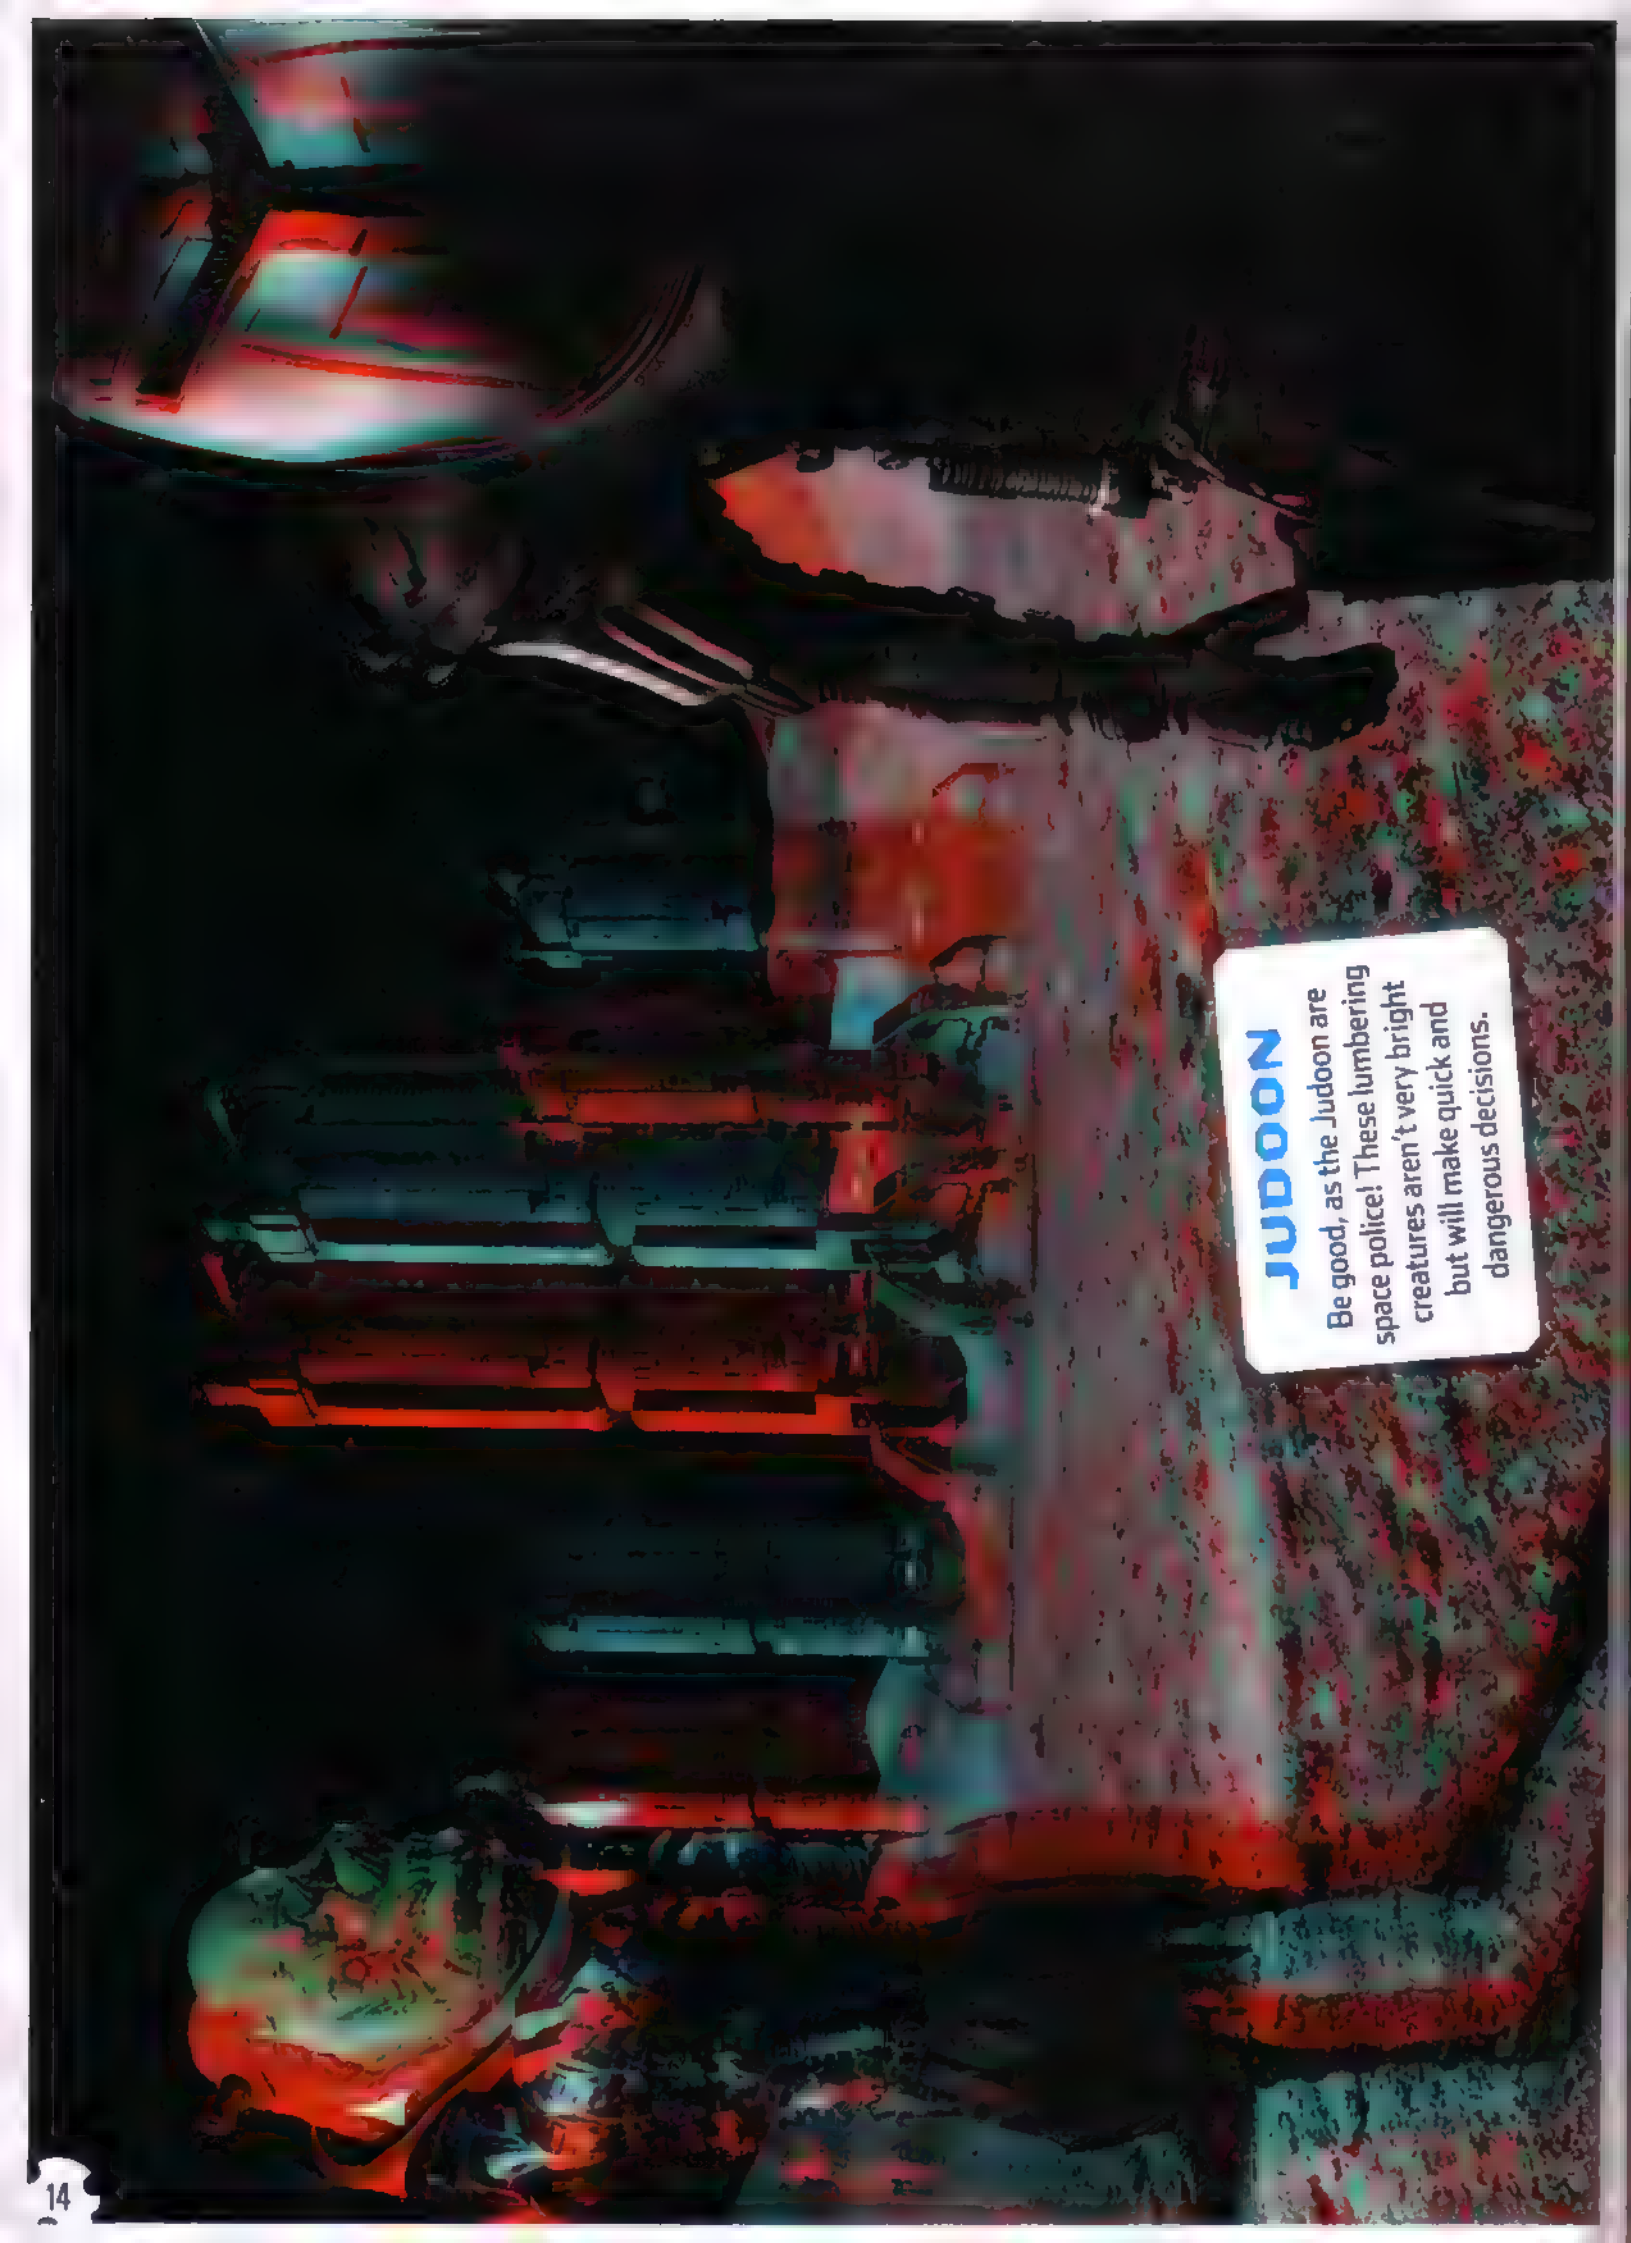

Run away fast! The Scarecrows were created to help the Family of Blood sniff out the Doctor. They are silent and seriously scary!

OOD

The Ood are peaceful, usually. But watch out for their red eyes! They are used as slaves in the 42nd century.

JUDOON

Be good, as the Judoon are space police! These lumbering creatures aren't very bright but will make quick and dangerous decisions.

SONTARANS

Squat and fierce, the Sontarans are a race of clones that like fighting more than anything else. Best avoided.

THE DEADLY DIVE

The Doctor and Christina discover that the key to escaping San Helios lies down the bottom of the Tritovores' Gravity Well.

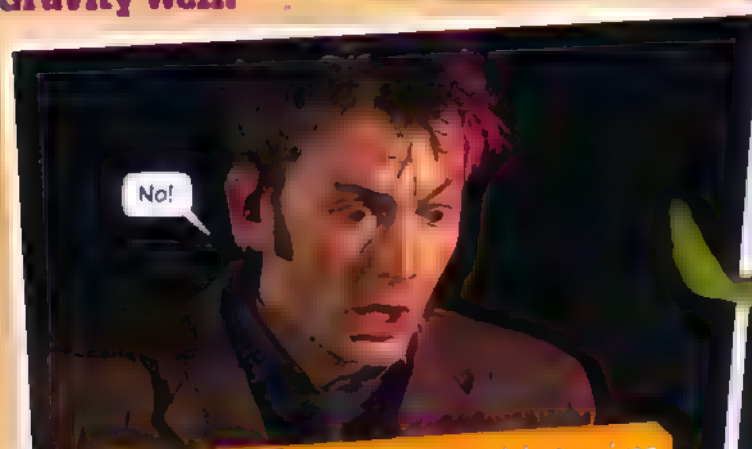

So, let me get this right. You need that crystal? Then consider it done.

1 While the Doctor is busy trying to open the access shafts, Christina prepares her winch.

2 she dives down the Gravity Well.

No!

3 The Doctor dashes back but arrives too late to stop her. He peers down.

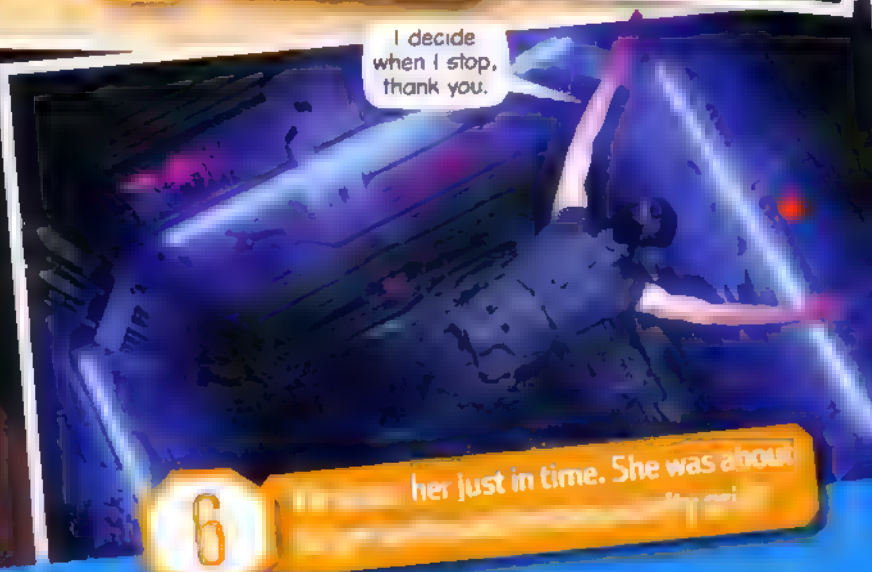

WHEEE!

4 Christina falls at break-neck speed!

Come on!
Come on!

5 The Doctor quickly sonics the winch.

I decide when I stop, thank you.

6 her just in time. She was about to stop.

RARGH!

What the blazes was that?

7

She disables the grid and continues downwards when suddenly she hears a noise!

EVERY WEEK!

8

The Doctor is worried. He can guess what's making that sound – Stingrays!

We never did find out why the ship crashed. Christina, I think you should come back up.

9

But Christina is almost there. Unfortunately, so is a sleeping Stingray!

10

She tries to lift the crystal but the Stingray is stirring!

I've got it!

11

She grabs it just as the hungry Stingray wakes up!

SCREEECH!

12

DID YOU KNOW?

Lady Christina de Souza is a professional thief. She stole the ancient Cup of Athelstan.

The winner

Congratulations to 12-year-old
Hamish Gough, who came up with the
Doctor's new travelling
companion **Wolfgang Ryter**.
Wolfie is a bright 16-year-old

FLIGHT OF THE GIURGEAX

TERMINA

Thanks for everything. You've been brilliant. Like a second family.

It's been a pleasure having you stay with us, Wolfgang. If all the kids from your school are as nice as you are, we'll look after another exchange student any time.

Bye, Wolfie!

Script CHRISTOPHER COOPER
Art JOHN ROSS
Colours ALAN CRADDOCK

After checking in, Wolfgang finds an internet café...

This way, Heather. The Bassophone has picked up a sub-woofer warble!

I've just got time to update my blog before they call my flight. Not that there's going to be much alien activity at the airport!

Oops. Sorry! Can't stop.

No worries. My fault. Shouldn't have left it there.

Quick, Heather! If it is a Giurgeax, then we don't have much time.

Giurgeax? That doesn't sound much like a holiday destination to me. I wonder where they're off to in such a hurry? Don't suppose they'll mind if I follow...

Gate 13. Figures! Do you think the Giurgeax knows we're onto it?

Their eyes see in a completely different spectrum to ours, and they can hear a pin drop on cotton wool in a vacuum. It's tricky to creep up on one!

Economy Class isn't what it used to be!

Maybe we should try First Class? If I were an alien invader, I wouldn't settle for anything less.

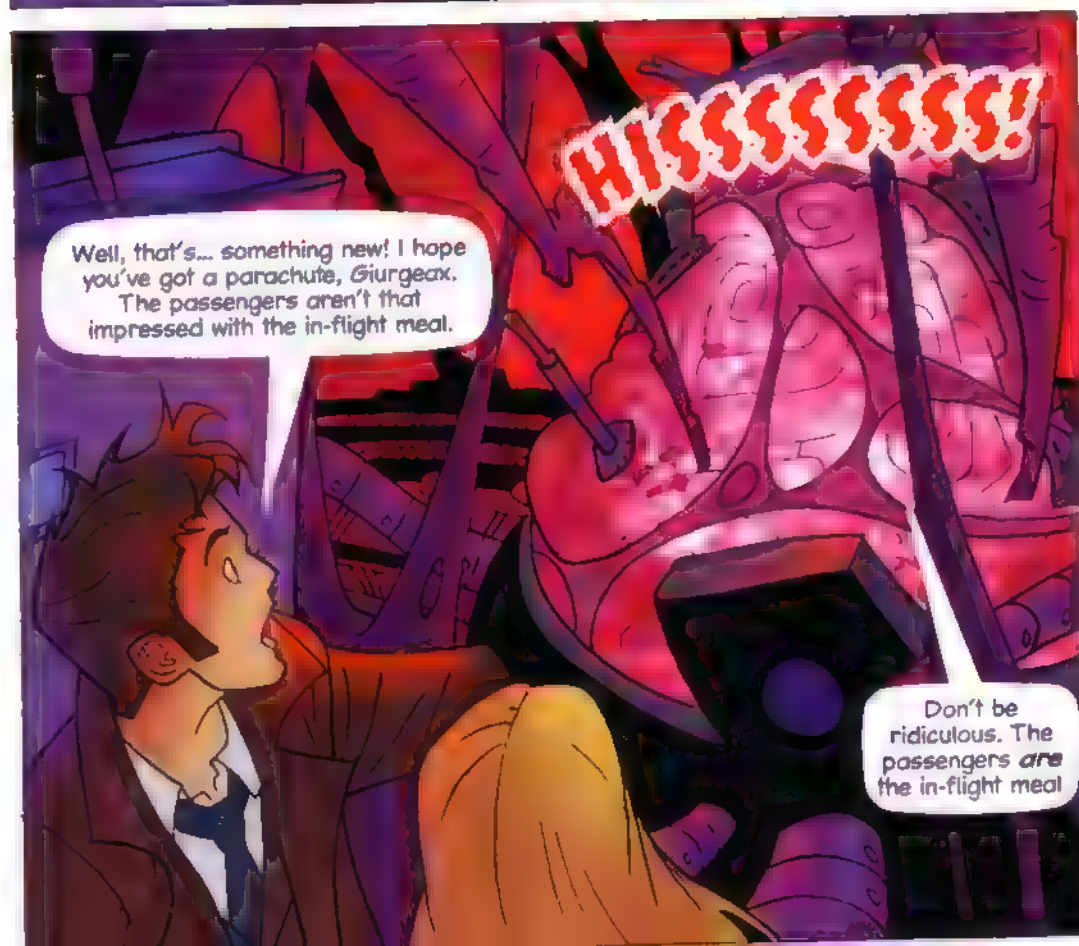

If I were an alien invader, I'd want to fly the plane! Let's check out the cockpit.

I can't believe this is happening. A real life alien conspiracy and I'm in right the middle of it. My blog fans will think I've gone nuts!

Right, I should probably mention I've never actually seen a Giurgeax in the flesh before, so don't be surprised if let out a bit of a squeak.

Well, if it makes you squeak, I'll be screaming. Go ahead and open the door.

Well, that's... something new! I hope you've got a parachute, Giurgeax. The passengers aren't that impressed with the in-flight meal.

Don't be ridiculous. The passengers are the in-flight meal!

This flight is about to depart. Time to fasten your seat belts.

OK, now I'll squeak...

Ouch! Get off!

Hey, you. Big monster thing. Let them go!

What? Who are you?

But the door slams in Wolfgang's face...

Oh no! That creature has got them trapped. There's got to be something I can do to help, but what?

SLAM!

Be careful out there. This isn't just any old plane. It's an alien life-form disguised as a plane, and you're in its stomach!

I am so glad I didn't book with this airline.

Let's think about this. I'm inside a living creature. I must have learnt something in biology class that I could use right now. Think, Wolfgang. Think!

I've got it! If you starve a brain of oxygen, it will become unconscious. All I have to do is find the equivalent source of energy for the alien brain

YANK!

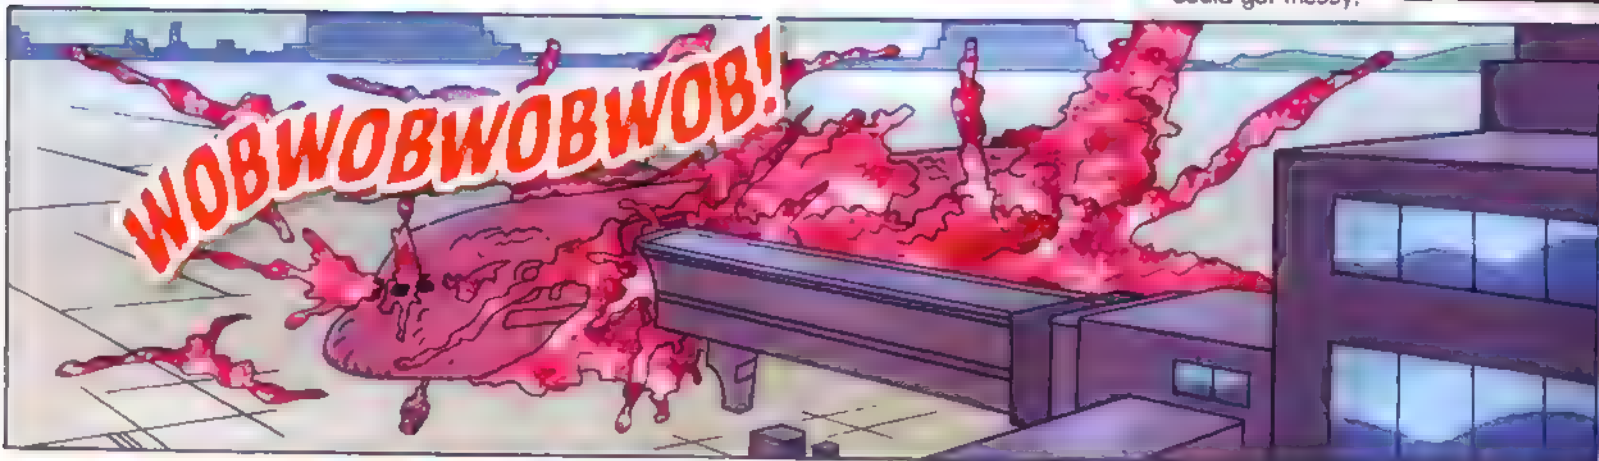

If this is the stomach, then the alien must be using the passengers as food. It's sucking energy directly from these people! Not any more, it's not!

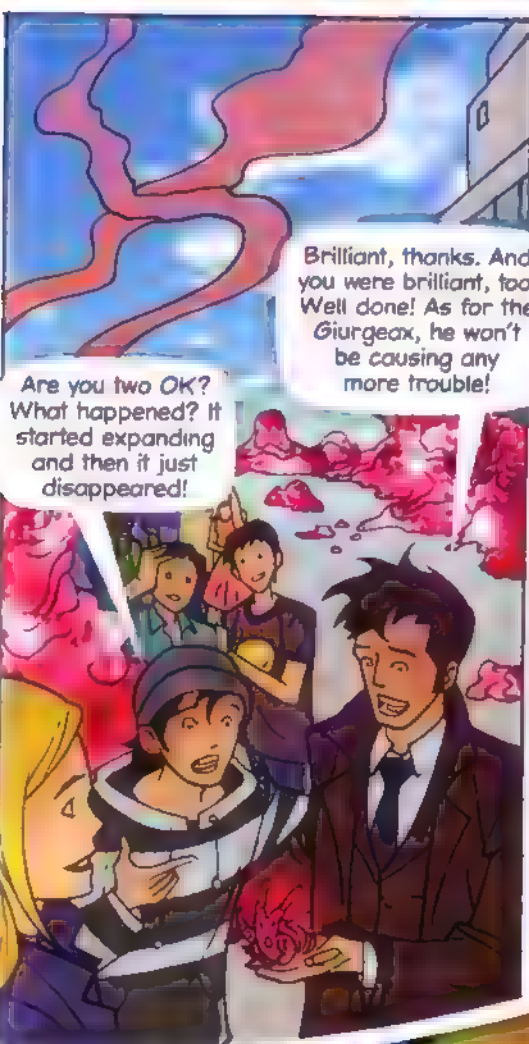

ARRRGH!
NOOOOO!

Whatever that
boy has done,
it seems to be
working!

Too well. Brace
yourself, Heather. This
could get messy!

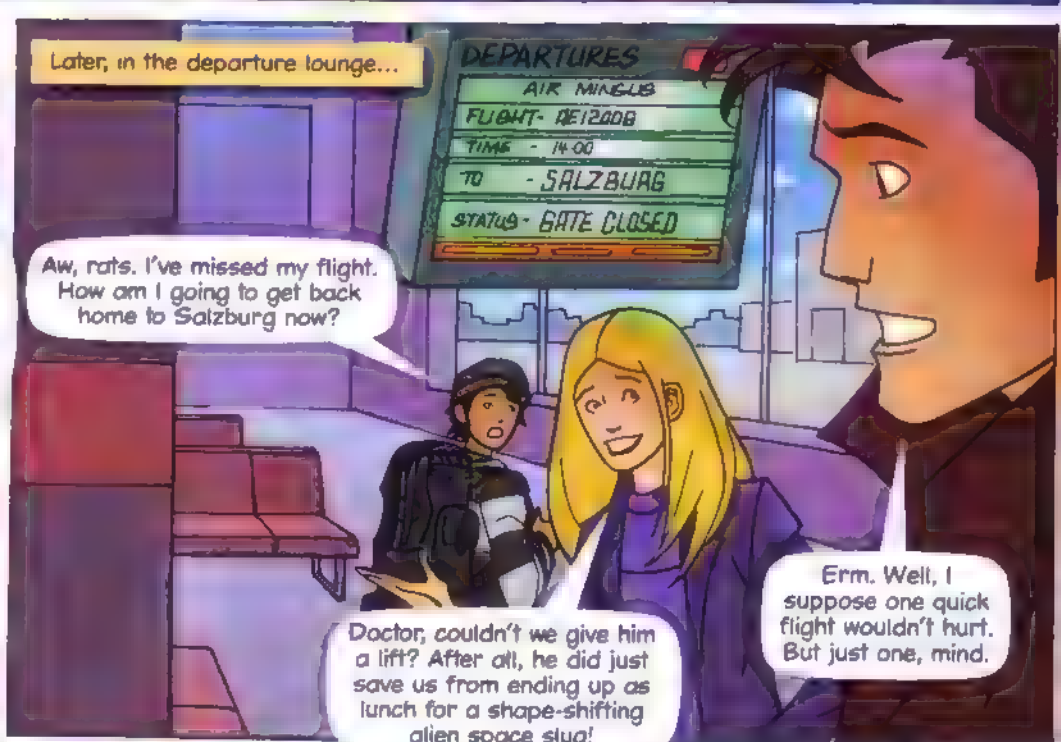

WOBWOBWOBWOB!

Are you two OK?
What happened? It
started expanding
and then it just
disappeared!

Brilliant, thanks. And
you were brilliant, too.
Well done! As for the
Giurgeax, he won't
be causing any
more trouble!

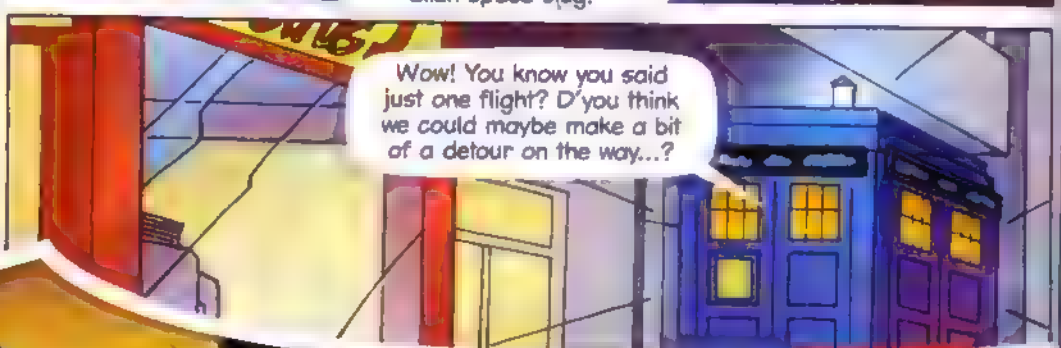

Later, in the departure lounge...

Aw, rats. I've missed my flight.
How am I going to get back
home to Salzburg now?

Doctor, couldn't we give him
a lift? After all, he did just
save us from ending up as
lunch for a shape-shifting
alien space slug!

Erm. Well, I
suppose one quick
flight wouldn't hurt.
But just one, mind.

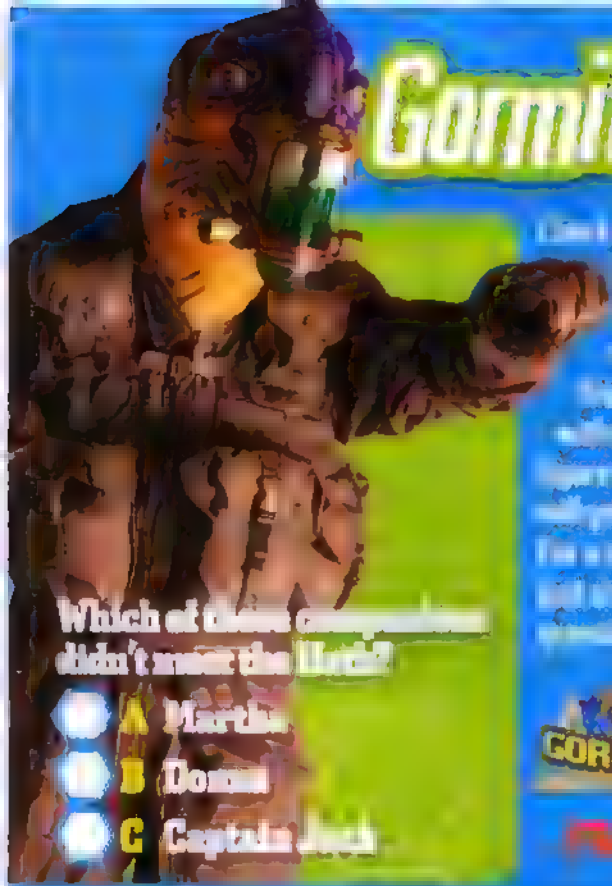

Wow! You know you said
just one flight? D'you think
we could maybe make a bit

AMAZING 3-D SPECIAL

Hello Time Agent,

Grab the free **3-D specs** that come with this week's issue and prepare for some **HUGE 3-D shocks**. If you thought you were safe from monsters, think again. In this issue, they'll be **jumping out** of the page at you! Raarrgh! 

This week we've been hanging out with the **Sarah Jane Adventures gang** in Cardiff. They are filming their exciting **third series** at the moment and **DWA** was lucky enough to watch them in action and chat with all the stars. You can read our **exclusive interview** with them in a future issue.

The other big news this week is that we are announcing the **second winner** of our **comic companion competition**. This new person will join the Doctor and Heather in the TARDIS for some amazing adventures. Find out if **yours** was the **winning entry** in this week's DWA!

And last but not least, don't miss all the free goodies - **3-D glasses, a giant 3-D poster and Dalek stickers!**

Until next week...,

The DWA Team

DID YOU KNOW

Danny, who plays Clyde on SJA, has a secret talent. He can play the **Match of the Day** theme tune on his cheeks perfectly. How cool is that?
